

January TWA Newsletter

Hi TWA Members,

Happy 2021! The year is off to a big start for women with more shattering of the glass ceiling. In the US, we now have a female Vice President. We still have lots of work to do on equality, but for now we can celebrate this win and the possibilities it brings for all of us.

A new year also brings a focus on our goals, both personally and professionally. How can each of us grow and learn to help ourselves and all those around us? A couple opportunities below highlight our TWA ConneXions mentoring program and upcoming webinars. One of my goals is always to look at how we can help the community around us. Currently, I am working on writing Valentine's Day cards to give to senior citizens in local nursing homes. Here is the [Community Giving Tool link to this project](#). Check out other projects to see how you can volunteer or create an event that others can join.

We are always looking for new ways to help, so please email TheWomensAlliance@xerox.com if you have programing ideas or feedback that will help us bring new opportunities to our members.

Thank you to all our board members who supported our members in the past year. I am looking forward to working with our returning and new board members in 2021. I appreciate all of you who give of your time and talents to help our members.

Please invite your colleagues to join TWA by forwarding this newsletter so they can check our programs. We would love for them to check out one of our upcoming webinars or events.
