BE A ROLE MODEL FOR OUR NEXT GENERATION OF WOMEN LEADERS.

Help Xerox women grow personally and professionally.

Through the mentoring program, informal coaching, networking, webinars, social and educational events, and the annual International Women's Conference, you can help women within Xerox develop their careers.

- Recognize future talent in informal ways
- Find new female talent for your own organization
- Gain a new perspective and insight into managing women and empowering them to thrive in their careers

Connect with peers and other leaders.

The Women's Alliance (TWA) provides you with the chance to build relationships with other leaders and women throughout the organization that you may not have otherwise met. You'll laugh together, give back together and support each other as you mentor female talent.

- Build your professional network
- Engage in fun social activities

Give back professionally.

There is one very important goal every member of TWA believes in—the success of women. Each member is exposed to a whole new world of opportunities to help them become the best version of themselves and you'll play a key role in making that happen.

- Exhibit role-model behaviors that are supportive of women at Xerox
- Give back even more through community service activities

International Women's Conference

Each year, our conference draws hundreds of attendees from around the world for a special few days of networking and growth. You'll have the opportunity to connect with other Xerox leaders, hear from world-renowned speakers and have a great time throughout it all. It's a perfect mix of work and play.
